Filter names

Save current filter

Manage existing filters

Show all filters

Recommendation: save a default filter with your user defaults such as Campus, Term, and Subject. When you open Astra Academics, it will automatically populate.

Control how many rows are shown

Export to EXCEL for further manipulation

Total number of rows returned from search/filter

ASTRA ACADEMICS

Helpful filters for schedulers

Classes WITH a meeting pattern but NO room assignment

Select Campus, Term and Subject(s)
Set Meeting Status to Unassigned

Sections without instructors

Select Campus, Term and Subject(s)
Click  next to Instructor

Classes with no Enrollment Capacities

Select Campus, Term and Subject(s)
Scan the Adj Max Enroll column
(Note: This column can be sorted by clicking the column header.)

Classes with no meeting pattern

Select Campus, Term and Subject(s)
No meeting pattern: set Invalid Mtg. Pattern to Yes

Final exam room assignments (you will ONLY see final exam info with this query)

How to filter search

Is Exam = Yes
View Meetings = Radio button selected
Term = Select appropriate term
Subject = Select the subject(s) you schedule
Campus = Mpls/St Paul or Duluth

Remember! If you use the same Campus, Term, and/or Subject selection every time, you may want to set up a default filter to save yourself time and steps.

ASTRA – CCS Interface

Term information appears in Astra during the CCS initial build

Cancelled classes do not appear in Astra

Information is refreshed:

- meeting patterns changed in CCS appear in Astra within 30 minutes
- room assignments made in Astra appear in CCS within seconds
- all class data from CCS is refreshed in Astra overnight

ASTRA > CCS Translations
