Scholarship Automation Training Guide
(Departmental Scholarship Processes)

Included in this document are the detailed steps required for colleges and departments to process scholarships for students using the Scholarship Automation process in PeopleSoft.

This document includes training on:
- Scholarship Entry Access in PeopleSoft
- Creating Scholarship Item types
- Creating Scholarship (.csv) Files for Upload
- Uploading Scholarship (.csv) Files
- Reporting Center
- Guidance for Adjusting or Adding Amounts to Existing Scholarships

For questions, or to schedule in-person training, please contact the Office of Student Finance Scholarship Unit.
- Scholarship Unit Email: saosf@umn.edu
- LuGail Hamel 612-624-6043
- Nate Rosckes 612-624-2324
- Michelle Curtis 612-626-6518
Getting Started:

Scholarship Entry Access in PeopleSoft: The UM Scholarship File Upload and UM Create Scholarship Itm Type pages in PeopleSoft require Access Request Form (ARF). Dept ID security will be applied to the Item Type Create page. Role level security will be applied to both the Item Type Create and Scholarship Upload pages.

1. Visit OIT Data Security’s web page: [https://it.umn.edu/service-details/enterprise-access-requests](https://it.umn.edu/service-details/enterprise-access-requests) and fill out an “Access Request Form” (ARF) for “Scholarship Entry” by navigating to CS Student Systems and Data > CS Applications > Scholarship Entry.

2. Complete and submit the ARF to OIT Data Provisioning.

3. After access is granted - Log into PeopleSoft Systems ‘Campus Solutions’ through the MyU Portal: Sign in to the MyU Portal and click on ‘PeopleSoft’ under the ‘Key Links’ menu. Then click on the ‘Campus Solutions’ link under the ‘PeopleSoft Systems’ heading.
Creating Scholarship Item types:
Note: The existing pages and process for creating Item Types for Scholarships did not change extensively from the 8.9 PeopleSoft application to the upgraded 9.0 system.

1. In the portal, once you click on ‘PeopleSoft’ under your Key Links, make sure you are in Campus Solutions.

2. When in PeopleSoft Campus Solutions, navigate to:
   - “UM Create Scholarship Itm Type”: Main Menu > Financial Aid > UM Scholarships > UM Create Scholarship Itm Type

3. Enter:
   - Academic Institution
   - Aid Year
   - and then click ‘Add’
4. Enter your scholarship account string including Fund Code, DeptID, Program Code or Project ID, Account (800102), Chartfield 1/Chartfield 2

5. Click ‘Search for Item Type’ button to check for existing item types attached to the account string entered.

6. That will pull up existing item types to be used
   Note: If there is more than one item type attached to the account string, you will need to find the additional item types by using the search function.

   ![Image of UM Create Scholarship Item Type screen]

   ![Image of UM Create Scholarship Item Type screen with search result]
7. If no item type is found, or if you wish to create an additional scholarship item type on your account string, click ‘Create Item Type’ button.

8. Type in a ‘Scholarship Name’ in the field provided (30 character limit). **Note:** this will be the scholarship description students see in their financial aid package.

**Note:** Enrollment Requirement defaults to ‘Enrolled Full-Time’ per University financial aid policy.
9. Click ‘OK.’ Your new scholarship item type has been created and is ready to use for entering scholarships for students.
Upload your Scholarship File in PeopleSoft using Scholarship Automation

Creating Scholarship (.csv) Files for Upload:

Start by opening the REQUIRED Excel template. The “Department Scholarship Template” file can be found on the ASR website at asr.umn.edu/training-and-support/scholarship-administrators

Note: You will need to log in with your Internet ID and Password to access the web page.
The “Department Scholarship File Template”

The current scholarship process is done through a template that needs to be uploaded into PeopleSoft. If you do not use this template your scholarship file will error and will not load. **NOTE:** This process is different than in PeopleSoft 8.9.

In this template, you will enter data in the fields: Student ID, Item Type Number, Award Amount, and Term(s) to process your scholarships.

There are **edits on all of the columns within the template that must not be altered** for your file to upload successfully:

- ID = must be a 7 digit number
- Item Type = must be a 12 digit number starting with a 94
- Award Amount = **cannot be currency (contain $)**. It must be formatted as a “Number” and must be less than 100,000
- Term(s) – must be one of the drop-down menu options: **Fall/Spring, Fall Only, Spring Only, or Summer**
  - Selecting the “Fall/Spring” option will divide the award amount equally between the two semesters. For example, if the award amount is $1000 and the Term(s) is “Fall/Spring”, $500 will be placed into Fall and $500 will be placed into Spring
- You can put multiple item types on the template. You do not need to upload a separate file for each item type.

**NOTE:** If you are using the **copy and paste function**, please review the detailed information on page 10-11 to ensure the formatting is not altered.
EXAMPLES:
Every scholarship will require an Empl ID, Item Type, Award Amount, and Term(s). Below is an example of a total scholarship award of $2000 with an even split Fall/Spring award ($1000 will be placed into Fall, and $1000 will be placed into Spring).

Below is an example scholarship file entered with multiple students and multiple item types as even split Fall/Spring awards.
NOTE: If you wish to cancel out a scholarship for one term, you would enter the amount and term you wish to keep. For example, if you originally had a $2000 Fall/Spring award, and now want $1000 Fall Only, you would create a file with the Student ID, Same Item Type, Award Amount of $1000, and Term(s) Fall Only. This new file will replace the previously entered scholarship award (there is no need to enter a separate line for Spring).

If you wish to add or adjust an amount for one term (no longer keeping it an even split), you would enter the amount and term you wish to adjust along with the term you want to keep. For example, your original award was uploaded as F/S for $2,000 and now you want to increase the Spring disbursement by $500 so the new total award is $2,500. You would enter one line with Fall at $1,000 and another line for Spring at $1500. If you were to only upload a new line for the Spring amount of $500, it will replace the original F/S for $2,000 with the Spring only award of $500.
COPYING AND PASTING

**NOTE: If you use a copy and paste from a different source (even another Excel spreadsheet), make sure you choose “Match Destination Formatting” or “Values” from the paste options. Using the default or “Keep Source Formatting” will result in the edits being overridden and your .csv file not being properly formatted for upload. If improperly formatted, your file will error.**

Use “Paste Options”

Use “Match Destination Formatting”
Or Use “Values”

![Microsoft Excel spreadsheet](image)

**UM Scholarship File Upload Template**

- *required to upload a file.*
- **Award Amount** $2,000

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
SAVING THE TEMPLATE

You must do a ‘Save As’ and specify a .csv as the format (in a secure location).

You must start the file name with your college abbreviation (e.g., CLA, CSE, CSOM, CEHD, CDES, CFANS, CCE, DENT, PHARM, etc.). If you are not in a college, use your area abbreviation (e.g., OED for the “Office of Equity and Diversity” or OSF for the “Office of Student Finance”, etc.) The file name cannot be longer than 31 characters including the .csv extension.

**NOTE:** If using a **PC**, do the ‘Save As’ a Comma delimited .csv file: **If using a Mac**, see 2**nd** screenshot below.

**CAUTION:** Once you save it as a .csv file, you cannot continue to edit the file. It should be considered a final step and ready to upload into PeopleSoft.

![PC screenshot](image1)

**NOTE:** If using a Mac, do the ‘Save As’ a Windows Comma Separated .csv file (see below):

![Mac screenshot](image2)
After the ‘Save As’, it will ask you to keep using format. Click “Yes”.
Preview the File via Notepad (Optional)

If you would like to make sure the file is formatted correctly, you may review the contents of the file before uploading to PeopleSoft. Find the file, right click and find Open With > Notepad  (Mac users – open with TextEdit)

In Notepad, a correctly formatted file should look like the below screenshot. You should see the Student ID, Item Type, Award Amount (without a $ or any other symbols) and Terms (abbreviated). The formatting seen below is required for uploading purposes. If anything does not look correct, you will need to re-enter all of the data on a new excel template from the ASR webpage on: asr.umn.edu/training/scholarship_administrators
Uploading Scholarship (.csv) Files: (PeopleSoft Scholarship Entry)

1. In PeopleSoft, make sure you are in Campus Solutions and navigate to:
   - Main Menu > Financial Aid > UM Scholarships > UM Scholarship File Upload

2. Enter:
   - Academic Institution
   - Aid Year
   - and then click ‘Click to Upload file’ button.

3. Locate your .csv file on your computer and select it for upload.

4. Click ‘Upload’ button.
5. After you “Click to Upload File,” your scholarship entry process is complete. If the upload is not successful, it means one of two things:
   1) you do not have your file formatted to a .csv file or
   2) your file name contains more than 31 characters. If that is the case, you will need to re-create the file.

6. The file(s) you uploaded will be processed automatically overnight if you enter the file by 1:00 pm that day. The process runs Monday – Friday evenings.

7. Click ‘Refresh’ button to upload additional scholarship files.

Warning: No scholarship files may be uploaded after the financial aid year has ended. The financial aid year ends on the last official day of Summer (May session is part of Summer) term in August. Fall only scholarships must be entered prior to the end of fall semester and spring only scholarships prior to the end of spring semester. Scholarship files uploaded after the official close of the semester or aid year may not be processed correctly in PeopleSoft. If you have a situation that requires a scholarship adjustment after the close of the semester or aid year, please reach out to the Office of Student Finance Scholarship Unit at saosf@umn.edu for guidance.
Reporting Center:

The Scholarship Upload Status Report provides scholarship administrators the ability to see the status of their department’s scholarship files after they have been uploaded into PeopleSoft.

NOTE: To review your entries in the Scholarship Upload Status Report, allow one business day for the file(s) to be processed (if the file was entered before 1:00 pm)

To find the report, when you are in your portal, click on ‘Key Links’. Then from the drop-down select ‘Reporting Center’. In the ‘Reporting Center’, you will find the “Scholarship Upload Status” Report under Student Services > Financial Aid.

Note: Click on the “information” button left of the report for further documentation about the report.

The report will prompt for:
1. Academic Institution
2. Aid Year
3. Date Range
4. DEPT ID.
Review your report. If the record went through and posted, it will show “processed”. If a record shows “error” or “skip” or “suspend”, or “duplicate,” the Scholarship Unit will resolve the issues and contact you if necessary.

You also have the option to export the report to Excel. In Excel you have the option to sort and filter results of the report.

**Note:** Some key terms to note on the report:
- Trans Date: Date scholarship file was posted
- Trans Nbr: File number in PeopleSoft
- Status: “Processed”, “Error”, “Skip”, “Suspend” or “Duplicate”
- Term(s): FS = Fall/Spring, FO = Fall Only, SO = Spring Only, ZO = Summer

**Note:** For any questions about disbursement of scholarships, please check STAR.
Guidance for Adjusting or Adding Amounts to Existing Scholarships:

Adjusting/Adding Scholarships

Original Fall only Award

 UM Scholarship File Upload Template  *required to upload a file.

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Award Amount</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9999999</td>
<td></td>
<td>940000000000</td>
<td>Fall</td>
</tr>
</tbody>
</table>

Adding a Spring Award:

EXAMPLE #1
You determine that the student is now eligible for a Spring award that matches the Fall award.

 UM Scholarship File Upload Template  *required to upload a file.

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Award Amount</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9999999</td>
<td></td>
<td>940000000000</td>
<td>Fall/Spring</td>
</tr>
</tbody>
</table>

EXAMPLE #2
You determine the student is eligible for an additional $2000 for Spring.

 UM Scholarship File Upload Template  *required to upload a file.

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Award Amount</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9999999</td>
<td></td>
<td>940000000000</td>
<td>Fall</td>
</tr>
<tr>
<td>9999999</td>
<td></td>
<td>940000000000</td>
<td>Spring</td>
</tr>
</tbody>
</table>

If you realize you made a mistake after submitting a file, please reach out to us at saosf@umn.edu before you take any steps to correct the file. We will assist you in resolving any issues.
Original Fall/Spring Award

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Award Amount</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9999999</td>
<td>9400000000000</td>
<td>6000.00</td>
<td>Fall/Spring</td>
</tr>
</tbody>
</table>

Adjustments to one term:

**EXAMPLE #1**
You find out that the student is attending less than FT in Spring and need to prorate their Spring award:

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Award Amount</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9999999</td>
<td>9400000000000</td>
<td>3000.00</td>
<td>Fall</td>
</tr>
<tr>
<td>9999998</td>
<td>9400000000000</td>
<td>1500.00</td>
<td>Spring</td>
</tr>
</tbody>
</table>

Do NOT enter the file using the Fall/Spring split if there will be a different award amount for Fall than Spring or vice versa. If you entered the award as $4500 Fall/Spring, it would split that amount evenly between the terms.

**EXAMPLE #2**
You determine that the student is no longer eligible for their Spring disbursement and you need to cancel the Spring award:

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Award Amount</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9999999</td>
<td>9400000000000</td>
<td>3000.00</td>
<td>Fall</td>
</tr>
</tbody>
</table>

Do NOT enter a file with a line for 0.00 Spring only as that will cancel the entire award (Fall and Spring). There is no need to enter a second Spring line with 0.00.

**EXAMPLE #3**
You determine that you want to increase the Spring award by $500.

<table>
<thead>
<tr>
<th>ID</th>
<th>Item Type</th>
<th>Award Amount</th>
<th>Term(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>9999999</td>
<td>9400000000000</td>
<td>3000.00</td>
<td>Fall</td>
</tr>
<tr>
<td>9999999</td>
<td>9400000000000</td>
<td>3500.00</td>
<td>Spring</td>
</tr>
</tbody>
</table>

Do NOT enter a file for only the 500.00 Spring increase amount as that will replace the other $6000 Fall/Spring award already in the system with the $500 Spring only award.
